

Proposal 1

Corporate logistics premium

This direction mixes Maersk clarity, XPO conversion focus, and DHL-level establish

Public company presence

Balanced hero, trust metrics, strong recruiting entry, and a cleaner corporate rhythm.

Request a quote

Owner operators

Drivers

Services

Hero visual with a premium information frame.

Owner Operators

Clear recruiting path.

Drivers

Separate applicant route.

Proposal 2

Commercial operations command

This direction pulls harder from XPO and modern logistics patterns: fast action

Move freight with speed
and visible control

Big headline, stronger CTA, operational metrics, and a more active visual language.

Start with JONED

Proposal 3

Executive trust and prestige

This direction is inspired by premium corporate composition rather than generic

A more refined company image

Minimal but high-confidence. Better for premium positioning, partnerships, and a serious first impression.

Services

Large anchors replace repetitive cards.

Recruiting

Owner operators and drivers framed cleanly.

Company

Public trust first, portal separate.
